

BOSE® A30 Aviation Headset

A30 は、BOSE がこれまでに開発した中で最も快適なアラウンドイヤー ヘッドセットです。市場で最高の快適性、オーディオ品質、アクティブノイズ キャンセリングの組み合わせにより、すべてのフライトが劇的に改善されました。

HEADSET INPUT IMPEDANCE

Mono Mode 150 ohms

Stereo Mode 300 ohms

Measured per RTCA DO-214A

HEADPHONE SENSITIVITY

96.5 +/- 3.5 dBA SPL

Measured per RTCA DO-214A

WEIGHT

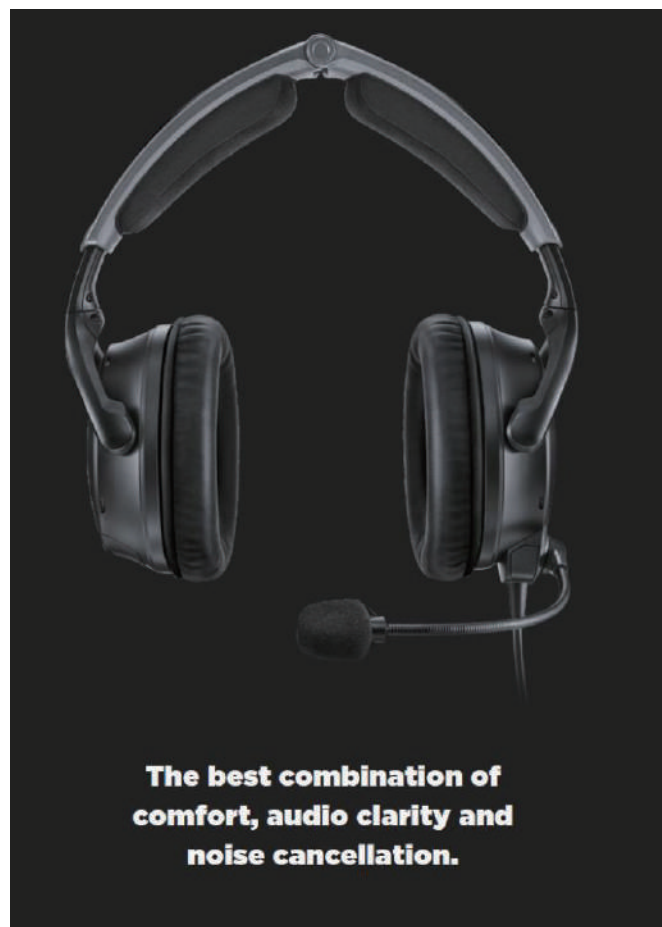

404 grams (14.2 ounces) on head

CABLE LENGTH

1.8 meters (6 feet) including control module and connector ends.
Exact length depends on configuration.

MICROPHONE

Noise cancelling microphone provides clear communication with reduced background noise. Electret (high impedance) as well as 5 ohm and 150 ohm dynamic microphone options are also available.

**The best combination of
comfort, audio clarity and
noise cancellation.**

- Improved around-ear comfort and stability with quality materials, low clamping force and dedicated left and right ear cups.
- The best balance of quiet, comfort and audio clarity Bose has ever produced with three modes of user-selectable acoustic noise cancellation for a range of noise reduction in various scenarios and aircraft.
- Optimized audio for enhanced communications with or without an intercom or hot mic system.
- Durable and robust design made to endure the wear and tear of everyday use in environmental extremes.
- Small and lightweight (14.2 ounces/404 grams on head).
- Choice of electret or dynamic noise cancelling microphones for clear transmissions (dependent on aircraft ICS type).
- Side-swappable boom microphone and down cable – no tools required.
- Tap control for talk-through communication.
- Bluetooth® capabilities for wireless audio connections to EFBs and cell phones (select models).
- Bypass communications mode provides primary ICS audio with or without power to the headset.
- Five-year limited warranty with acclaimed service.
- Built to latest ARINC standards and TSO/ETSO C139a certified.
- Available in dual plug, LEMO (6 pin), XLR (5 pin) and U174 variants, as well as U384 and other connectors becoming available in the upcoming year for GA, commercial and military customers.
